CITY OFFICIALS TO SEE WHITE SOX GAME

Mayor and City Officials to
Meet With Boosters Club and
Attend Ball Game in a Body.

Mayor J. A. Herzog and the members of the city council will meet at the Mishawaka hotel Friday afternoon at 2:15 o'clock and accompany the Chicago White Sox ball club to Springfield park, where they will play an exhibition game with the Mishawaka ball club. Considerable interest and enthusiasm is being aroused and the Boosters' club are sparing no efforts in getting a good crowd out to the game.

Automobiles have been secured to convey the members of both teams to the park, and will leave the Mishawaka hotel at 2:30 o'clock. A large number of local autos will join in the parade. The representative of the White Sox stated this morning that Comiskey will send down some of his best talent, as this team has never lost an exhibition game, and the majority of the team that will journey here Friday will be with the team that will tour the world with the New York Giants after the championship schedule is over, playing exhibition games in all the principal cities in the world where there are any lovers of the game. Manager Scobbs of the local team announced Thursday morning that his players are all in good condition and anxious for the going to sound, as this is the first time that the boys ever met a big league team.

DEMOCRATS GATHER HARMONY PREVAILS

Fred Rankert Chosen Treasurer and Harry Suders Vice Chairman For Party in Coming Election.

Euphuism and spirit marked the democratic meeting held in the city hall Thursday evening. Matters relative to the coming city campaign called the meeting to order.

Under the recently passed corrupt practices act it was found that a treasurer and vice-chairman were necessary. Nominations were called for and Fred Rankert was chosen treasurer for the coming campaign and Herzog, Arthur Schellinger, City Treasurer Joseph Ganser and Councilman D. J. Campbell.

Harmony prevailed at the meeting and all were optimistic as to the party's chance in the coming campaign. It is expected that candidates for the various city offices will announce themselves within a few days.

DANCING CLUB BEGINS SEASON

Young People's Club to Open Season With Feature Dance on Sept. 20.

Much enthusiasm is being shown by the young people of this city and South Bend in the starting of the dancing season, as the club expects to resume dancing as soon as arrangements have been completed.

The club held a most successful series of dances last winter and a much more successful season is anticipated this year. Arrangements are being made to have the opening night Saturday, Sept. 20, and will be an electrical feature. This feature dance last spring was very successful and attended by friends from several nearby cities.

Mr. Kerner, who will have charge of the affair has added several new lighting effects. Prof. Joseph Curtis will again have charge of the music and will play several of his own compositions.

The dance will probably be held in the P. hall over the Princess theater, in Mishawaka. There dances will continue throughout the winter the same as last year.

COMMITTEE SIGNS TREATY OF PEACE

Joint Meeting of Representatives of Republican and Bull Moose Parties Agree to Enter City Campaign United.

Committees representing the republican and bull moose parties held a meeting Thursday evening in the offices of Atty. R. H. Jernegan. The press was barred from the meeting and all that could be learned of the proceedings was incorporated in a report passed by the joint committee.

The report follows: "At a joint meeting of the specially appointed committees of 10 each from the progressive and republican parties held last evening in the office of Atty. R. H. Jernegan it was decided to report back to their respective organizations that it was the unanimous decision of the united committee that party lines be set aside in the coming city election and that their support be given to an independent ticket."

From the tenor of this report it would seem that the two parties are settled to unite in the coming city campaign. There has been quite a bit of talk of dissension in both parties and of prominent men on both sides disapproving of a union but the action of the committee seems to be that there will be an independent ticket in the field.

This, of course, would not exclude a progressive and a republican ticket and many still believe that there will be tickets representing both of these parties besides the so-called citizens' ticket.

The personnel of the joint committee that framed the report Thursday evening was as follows:

Republican—Hon. E. A. Jernegan, chairman; Justices Hiram Hunt, George Putterknecht, C. E. Bradley, E. J. W. Fink, J. Alvin Scott, Daniel E. Day, George Sandilands, Millard Kerr.

Progressive—O. E. Lang, Atty. R. S. Feig, Hon. George C. Clark, R. D. Warner, Henry C. Eggleston, Walter Michael, James Nettleton, William Peiffer, W. H. Tupper and W. J. Chesbro.

The Tribune is regarded as the organ for the citizens' ticket when the latter is born and this paper Thursday announced that in all probability the majority nominee of the compromise party would be former Sheriff Millard Kerr or Ralph Gaylor. Of course there was no way of ascertaining whether candidates were talked of at Thursday's meeting but it is believed that this matter did not come up. The general impression is, however, that the fusion men will settle upon Gaylor to lead their ticket.

The above report will be returned to a meeting of both republican and progressive parties to be held within a few days. The parties will probably then hold a joint meeting to arrange for the campaign.

FIRST BOOM CARS OUT WEDNESDAY AFTERNOON

With the blowing of horns and with yelling and cheering three boom cars left the city Wednesday afternoon on roads leading south. There were six members of the Buffalo Men's association in each car and the machines were loaded to the top with advertising matter and display cards. Each car was decorated with banners.

The boosters went to Woodland, Wyatt, Bremen, Nappanee, Goshen and Elkhart and several other places along the road. In each of the places banners were placed on awnings and cards in the windows of the stores were distributed among the business houses. The trip was a long one and the men covered many miles of ground. They returned to the city about 10:30 in the evening covered with dust and dirt.

Thursday morning several other cars for boosting purposes left for north of the city and southern Michigan towns, but it was learned just what cities they will touch.

A boom car will also be sent out Saturday afternoon to Elkhart for the Mishawaka Woolen Co. band where they will give several concerts on the streets and boost the homecoming which will be held Sept. 1 and the week following in this city.

INSTITUTE WILL BE CLOSED TODAY

"The Future of American Agriculture" Will be the Subject of Dr. S. C. Schumucker at High School.

"The Future of American Agriculture" will be the subject used by Dr. S. C. Schumucker in his address to the teachers at the county institute Friday morning, the final and big day of the week's session. This is the feature lecture of the meetings.

His subject for Thursday afternoon was "The Cud-Chewers." He gave a most interesting account of the history of the cud-chewing animal family. He said that originally they were all grass eating animals of the plains who for the sake of protection were compelled to eat quickly and then seek security in the thickets of the family in which their food could be stored and afterwards eaten at the animals leisure.

Dr. F. H. Green talked on the subject "Steps and Devices in Composition Work" in the afternoon. His first was the collection of material by the careful use of the eye, ear and nature in books, to build up composition. He said the subject should be carefully selected with a thought to the material related to it.

The third step is to analyze the subject he said, and proportion the material correctly. Repetition he called the fourth step in which condensation, combination and amplification should be judiciously used. Original work was his last step. He urged teachers to improve their writing, saying that it is something that is used by all during life.

HUERTA EXPECTED TO ANNOUNCE HE IS NO CANDIDATE

(CONTINUED FROM PAGE ONE)
citation of the Mexican constitution as sufficient restriction on Huerta's candidacy, might be construed as a recognition of Huerta as the constitutional ruler of the southern republic.

Gambao's Statement.
Notwithstanding this view, however, hope was found in the vigorous disclaimer of Senator Gambao that any one should have suspected Huerta of desiring to become a candidate, for this was regarded as a tacit implication that Huerta finally would not enter the presidential race.

The chief difficulties of the present situation, it is recognized by administration officials are the questions of pride and national honor involved. Protests by Senator Gambao that to yield to the contentions of the United States would be a surrender of sovereignty and would permit a foreign government to veto the candidacy of individuals in Mexican elections, hereafter, have been met by the statement of officials here, that the United States has not the slightest desire to interfere with the sovereign rights of Mexico.

Americans in Mexico are heeding President Wilson's warning to get out, and state department officials believe that two weeks hence there hardly will be a thousand of them left in the troubled southern republic. Although many had refused to consider leaving before the word came of the president's urgent advice, hundreds have been starting for home or abroad during the past few days. It is estimated that nearly 10,000 or about as many as are still in Mexico have gotten away.

Need Money Immediately.
Of those now preparing to leave 4,000 will need help from the government, so the \$100,000 appropriation asked for by Secy. Bryan sometime ago to aid refugees will be needed immediately.

Since last February the state department has aided, it was stated today, between 4,000 and 5,000 refugees, furnishing money or transportation in some instances, and in others securing rates or accommodations which the individuals themselves could not get.

Department officials estimate that there were about 6,000 Americans in Mexico two or three years ago and Ambassador Wilson places the number as high as 75,000. In aiding American refugees the American Red Cross has spent about \$23,000 and last year the trips which the army bandaged the wounds of the war. It is estimated that the war department about \$35,000. Food prices are soaring.

MEET AT BRUSSELS.
BUFFALO, Aug. 28.—The permanent international committee on school hygiene Thursday approved the arrangements made by the permanent bureau for holding the Fifth International Congress on school hygiene at Brussels in 1915.

TAG DAYS TO BOOST HOMELY MEN'S RACE

Tag days for the various candidates in the homely men's contest seem to be in order. Friends and advocates of the candidacy of Chief of Police A. Vogt, introduced about a thousand tags Thursday evening in behalf of this candidate. The tags were in the shape of an owl and bore the following inscription: "Vote for Vogt—Who? Who?—Vote for Chief Owl." In districts where the tags were placed in practically all of the business houses, they were hung on door knobs and worn on lapels in the downtown district.

The campaign manager of Sammy Meyers, probably the most active candidate in the race, announces that Friday and Saturday will be tag day for Sammy. Big tags in the shape of a half moon have been printed. They bear an inscription somewhat as follows: "Don't vote for Chief Owl, Dr. or Judge—My light is shining—Vote for me—Always on top." On the half moon paper tag is a photo of the candidate of each of the rival parties. It is announced that the tags will be sold Friday and Saturday in behalf of this candidate.

BIBLE LEADERS TO MEET.

PUT-IN-BAY, O., Aug. 28.—Illinois and Chicago athletic club entries carried the honors in the Perry centennial aquatic sports meet again Thursday. Winners in the swimming events were:

One hundred yard swim, A. A. U. championship, A. E. Raidel, Illinois A. C., Chicago.

One hundred yard swim for juniors, E. J. O'Connor, Cleveland.

Fancy dive, juniors, H. P. Bordan, Toledo.

Two hundred yard swim, breast stroke, Michael McDermott, Illinois A. C.

Woman's fancy diving contest, Miss Elsie M. Hanneman, Bath Beach, L. I. Fancy diving, A. A. U. championship, Conrad Wohlfeld, Illinois A. C.

Eight hundred and eighty yard swim—Harry J. Heber, Illinois A. C. In the naval militia event, the ten oar race for the championship of the United States went to the Culver Summer Naval school team; also the school team won the challenge and championship flag.

The tub of war won by the crew entered by the naval training ship Dorothea of Cleveland and the whaleboat race by the South Carolina naval school team. The junior cutter race was won by the Culver team.

WAR ON MOTH IS STARTED BY DAVIS

Government Man Makes Tour of Part of the Country and Collects Samples of Insects For Further Analysis.

John J. Davis of the department of agriculture and John S. Borden, county agent, began their county wide search and investigation Thursday for the insect moth which has destroyed hundreds of acres of alfalfa and other crops over St. Joseph county.

The insect is not unknown to this vicinity and it is only the extent of the peculiar climatic conditions which have caused it to be so troublesome this season, if the first opinion of Mr. Davis is correct.

A large number of the tiny offenders were captured, and taken back to Lafayette, the headquarters of the department man. Davis was compelled to leave the city, but will return in about 10 days to complete the investigation. He expects to analyze the insects which he took with him and will be able, he thinks, to give the farmers some valuable information when he returns.

It was learned in the tour over the northeastern part of the county, made by the two agriculturists, that the insect was not only damaging alfalfa but every produce on the farm except potatoes and tomatoes. Alfalfa was damaged the most but all were adapted to some extent.

The hot dry season which has added hatching conditions, and the moderate winter are two of the chief reasons according to Borden for the insect being so numerous. He said the farmers need not worry about the pest doing much damage another year as climatic conditions may not be the same again in a number of years.

CURRENCY MEASURE IS APPROVED BY CAUCUS

Resolution Declaring the Bill is a Party Measure is Passed by Democrats.

WASHINGTON, Aug. 28.—The administration currency bill after nearly three weeks of discussion was finally approved by the house democratic caucus Thursday night by a vote of 163 to nine. The nine dissenters were Representatives Henry, Eagle and Calloway of Texas; Hardwick of Georgia; Loback of Nebraska; Buchanan and Fowler of Illinois; Neely of Kansas and Sisson of Mississippi.

After agreeing to the bill, the caucus adopted a resolution by an almost unanimous vote, declaring that to be a party measure and that "members of this caucus are pledged for the bill to its final passage without amendment."

The feature of today's session was the adoption of a committee amendment as a substitute on the section of bank reserves which in effect simply served to clarify the section as originally drawn.

LIGHTNING HITS SCHOONER

Everyone Aboard Stunned and Thrown to the Deck.

BOSTON, Aug. 28.—The fishing schooner Annie and Jennie came into port Thursday with its crew still suffering from the effects of an electric shock sustained Wednesday when the vessel was struck by lightning. The bolt jarred the schooner from stem to stern and every one on board was stunned and thrown to the deck. One sailor was temporarily paralyzed. The schooner was only slightly damaged.

MAN KILLED BY TRAIN

Thomas Hearman Is Struck Near New Carlisle.

Thomas Hearman, 40 years old, employe of the Lake Shore railway at New Carlisle, was instantly killed Wednesday night when he was struck by a west bound train and hurled 20 feet from the track, east of the town. He has been making his home with Peter Staybick of Ford st. An inquest will be held in about ten days, pending the time when the engineer and conductor are able to be present.

NAME TICKET.
BLOOMINGTON, Ind., Aug. 28.—The socialists named a complete city ticket here Thursday night, headed by George Meyers as candidate for mayor.

STUDEBAKER BODIES MADE IN SOUTH BEND

Removal of the Pontiac, Mich., Plant to This City is One of Steps in Concentration of Industry.

"The transfer of our automobile body manufacturing plant from Pontiac to South Bend," said Frederick S. Fish, president of the Studebaker corporation, "is a part of our general policy to promote the interrelationship between the two departments of our business, the vehicle and the automobile."

Mr. Fish had been asked by The News-Times concerning the foundation for reports of considerable additions to the employing capacity of the South Bend plant of the Studebaker corporation, the concentration here of work pertaining to the manufacture of automobiles, in which the company is extensively engaged at Detroit.

"Of this interrelationship, I may say," continued Mr. Fish, "has its source in the South Bend plant. Detroit is not in position to help South Bend, except that it might supply us drop forgings were not its machinery for that purpose kept busy on automobile production, but South Bend can help Detroit in various ways, and these means of cooperation we are constantly extending."

As to the Pontiac plant, which has been transferred to South Bend and is in operation, Mr. Fish said that in reality it meant more employment for South Bend mechanics rather than the bringing in of any number of workmen from Pontiac. It has been purely a matter of volition with the employees at Pontiac whether they came to South Bend or not.

"The Studebaker corporation has merely moved the equipment," said Mr. Fish.

The Pontiac plant was a makeshift in the first place to relieve crowded conditions in the shops at Detroit and its transfer to this city was in pursuance of the policy of concentration and relationship the company is pursuing.

"We have given the matter no publicity," said Mr. Fish, "just as there has never been anything said about our construction of a large lumber drying plant and the foundry work I have referred to. It has all been done and much more will be done as a matter of business, and yet not without civic interest and pride. We are constantly extending our operations and improving our facilities with a view to attaining the greatest possible efficiency."

The Studebaker corporation now employs its two divisions approximately 12,000 people. Its business would now warrant the employment of a larger number were its facilities such as to accommodate them. Energies are being bent to this end, and in a steadily increasing way the South Bend plant will play a part.

Though separated by a distance of 200 miles the two divisions of the Studebaker corporation's business are rapidly becoming so closely interrelated that for all practical purposes they will be eventually one.

And the closer the relationship becomes the greater will be South Bend's benefit.

HENRY F. WURZER GUEST AT DINNER

Friends and Fellow Attorneys Gather at Oliver Hotel to Bid Him Farewell.

Friends and business associates of Henry F. Wurzer gathered at the Oliver hotel to partake of a banquet given for him as a farewell. Mr. Wurzer is leaving the city to enter the permanent legal firm of Cullen and Casgrain, Detroit, Mich., of which Postmaster General Burleson was formerly a member.

There were about 40 present at the banquet, most of whom had known Mr. Wurzer intimately for years and who took advantage of the occasion to express their sentiments of high esteem for him and to wish him well on his new venture. The fact that Mr. Wurzer was a faithful worker in the general interest of his profession and that he has done more than any other man in the state to elevate the standard of requirements for the Indiana bar, were brought out in the speeches of several during the evening.

The gathering sent a beautiful bouquet of roses to Mr. Wurzer, expressing their best wishes and regret that they must leave the city.

WILL STAY DRY.

PORTLAND, Ind., Aug. 28.—Penn township of this county, voted to remain dry by 152 majority at an optional election held Thursday. The vote was light.

The election was practically unnecessary as Arthur Risby, the only applicant for a saloon license, withdrew his request at the August meeting of the commissioners, but having called the election, it was necessary to go through the formality.
